personal profile

I am a driven and dedicated team member with an international employment background meticulous attention to detail and unwavering passion for every project I undertake. My organisational skills, strong work ethic, and unwavering professionalism have earned me a reputation for timeliness and commitment. I naturally aim to assume leadership roles and strive to earn the respect of my colleagues.

With over 5 years of professional studio experience, actively participating in large-scale developments, transport and aviation, master-planning, commercial, and residential schemes,

I have honed my skills as a Pt. II Assistant. Throughout my journey, I have developed a profound interest in Sustainable Architecture, fuelling my desire to embark on a new and challenging role that enables me to apply my expertise to projects that prioritize Modern Methods of Construction, Modular Design, and Sustainability.

practice experience

2017 - Present

ESA Architecture/WSP

Pt. II Architectural Assistant - London UK

- As an active team member collaborating with Arup and AECOM, I played a vital role in delivering a Development Consent Order for London Luton Airport. I also assisted and co-led Stage 2-5 planning and technical packages for diverse commercial, residential, and private sector projects, including Building Safety Fund re-cladding schemes.
- Demonstrated exceptional leadership and coordination skills in assisting and co-leading master-planning, refresh works, and planning/tender processes for Amazon UK Sarl across Stages 2-4, encompassing projects in the UK and Europe.

- By actively engaging and taking on key responsibilities, I played a pivotal role in driving the successful completion of these projects while showcasing my ability to collaborate effectively in dynamic and demanding environments.

2015 - 2017

AusPro Demolition & Civil

Leading Hand & Supervisor - Sydney, Australia

- Executed on-site demolition, civil/enabling works, and stripping-out projects for both commercial and private clients. Collaborated closely with clients and contractors in heritage and modern construction settings.

2012-2013

SIA Architecture and Master-planning

Pt. I Architectural Assistant - Beijing, China

- Development of large-scale residential & commercial schemes, responsible for conceptual design development of key buildings within the master-planning schemes in close collaboration with design team, interior and render department. Accompanying directors on client meetings.

06.2012-09.2012

Stephen George & Partners

Pt. I Architectural Assistant - Leicester, UK

- Actively participated in the development of large-scale residential and commercial schemes, taking charge of conceptual design development for key buildings within master-planning projects. Collaborated closely with the design team, interior department, and render department. Actively accompanied directors in client meetings.

06.2009-09.2009

Stephen George & Partners

Intern Position - Leicester, UK

- Contributed to residential and affordable housing schemes for a renowned UK developer, actively involved in updating existing layouts to align with the Building Regulations.

achievements

2019 - *Applause awards for outstanding contribution within the workplace.*

2015 - *Final year project short-listed for Award for Design Excellence*

2013 - *Speaker at the ribbon cutting ceremony of New Century Global Centre - Chengdu, China*

2005 - *Nominated for Person of the Year award. Awarded by the Mayor of Leicester*

2005 - *Nominated for Person of the Year award. Awarded by the Mayor of Leicester*
